HOW TO DESIGN

Format:

The preferred format is PDF at high quality/print quality.

Images:

All images inside the pdf must be high quality and high resolution at a minimum of 300dpi and converted to cmyk.

Fonts:

All fonts should be embedded or converted to outlines.

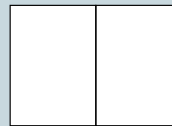

Colors:

Both images and shapes, fonts or strokes should be converted to cmyk colors. No other color space will be accepted as the conversion at the printing office can create unexpected results.

Dimensions:

Do not forget to create your ad at the size of the ad you booked. Please check the dimensions and specific requirements. Dimensions are in millimeters.
